Advantages of Index Fund

Benefits of Investing in an Index Fund

- **Constructed to track an index**

- **Open ended mutual fund**

- **Diversification through a single unit**

- **Generally lower expense ratio as compared to an active equity fund**

- **Performance tracking the underlying benchmark index (subject to expense ratio & tracking error)**

- **Transparent, as the fund will mimic the index**

Nifty Alpha Low Volatility 30 Index

Why Multi Factor Indices?

- Single factor-based strategies exhibit cyclical behavior and may underperform during certain market phases
- The cyclical component of single factor indices can be mitigated by selecting stocks based on a combination of multiple factors
