CURRENT INVESTMENT PHILOSOPHY

The fund seeks to invest min 25% investment each in large, mid and small cap companies. Investment in large caps may help to capture market movements & aims to ensure liquidity in volatile times while exposure to niche themes (primarily mid/small cap companies) having scalable business models aims to offer alpha

The fund endeavours to identify opportunities ahead of the market

High conviction investment strategy with a focus on "growth at reasonable valuations"

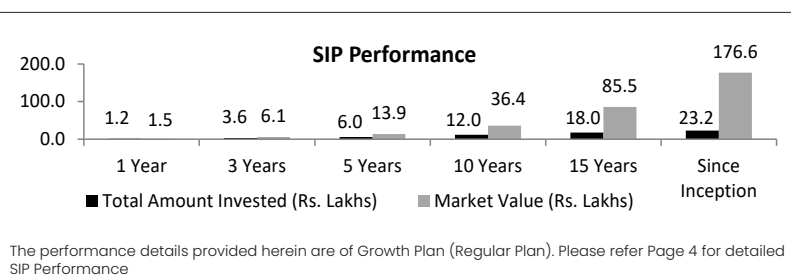

The fund follows a combination of top down and bottom up approaches and aims to take active sector calls.

The fund is focused on key themes like:

- Consolidators across segments like Banking, Telecom, Out of home consumption etc as these leaders are expected to witness significant improvement in profitability & market share on weakened competition, adoption of newer technologies etc.
- Manufacturing is at the cusp of a strong revival supported by optimistic growth outlook (Domestic & Global), Production Linked Incentives (PLI) and lower taxation.
- Structural secular growth opportunities in India where there is significant under-penetration like Insurance.

WHY INVEST

- ▶ The fund invests in combination of market leaders, sustainable alpha creators and emerging themes.
- ▶ The fund aims to be well positioned to capture the current market opportunity and the likely shift in environment as economy stabilizes

Disclaimer pertaining to SIP Returns: Past performance may or may not be sustained in the future. Returns on SIP and Benchmark are annualised and cumulative investment return for cash flows resulting out of uniform and regular monthly subscriptions have been worked out on excel spreadsheet function known as XIRR. B: Benchmark, AB: Additional Benchmark, TRI: Total Return Index

Past performance may or may not be sustained in future and the same may not necessarily provide the basis for comparison with other investment. Performance of the schemes (wherever provided) are calculated basis CAGR for the past 1 year, 3 years, 5 years and since inception. In case, the start/end date of the concerned period is non-business day (NBD), the NAV of the previous date is considered for computation of returns. Schemes which have not completed one year, performance details for the same are not provided. Performance details of closed ended schemes are not provided since these are not comparable with other schemes. TRI - Total Returns Index reflects the returns on the index arising from (a) constituent stock price movements and (b) dividend receipts from constituent index stocks, thereby showing a true picture of returns. In the performance of other open ended schemes managed by the fund managers, the performance of the equity schemes is benchmarked to the Total Return variant of the Index.
