## Sector Update & Outlook

- ▶ Pharma & Healthcare segment appears to be well placed from a fundamental perspective for multiple years of reasonable growth across key areas like:
  - Domestic Demand – boosted by increasing awareness and better penetration, growing proportion of population is in the 50 plus age group
  - Pick up in Exports volumes – non-US markets (Emerging Markets + European Union),
  - Stabilizing US business
  - Increased demand for Healthcare services supported by Insurance penetration, Govt spends
  - Visible improvement in earnings growth
  - PLI (product linked incentives) with an aim to promote self – reliance, backward integration and alternative supply chain to China may drive manufacturing growth in areas like Active Pharmaceutical Ingredients (APIs) etc.
- ▶ Indian Pharma sector is one of the most competitively positioned sectors from India to capture both domestic and global pharma growth.
