 - ▷ Increasing trend of nuclear family
 - ▷ Absence of comprehensive social security system
- ▶ Yet, Retirement funds account for **only 12% of one's total savings and 78% Indians don't save enough** for a comfortable retirement
- ▶ Currently in India, **retirement related product offerings are limited to** EPF, PPF, NPS, Insurance Pension Plans, etc
- ▶ Globally, Retirement assets occupy a large space, (For example, in USA ~80% is the Retirement Asset/GDP Ratio) whereas **India has one of the lowest Retirement Asset/GDP Ratio which is only 15%**
