Current Investment Strategy

- ❖ Focus on accrual income by endeavoring to invest in medium to long term corporate papers with optimal liquidity and credit risk
- ❖ An active investment strategy on the credit structures depending on opportunities (credit spreads) available at various points in time
- ❖ Investment will be restricted to papers rated AA and above
- ❖ Core allocation in AA+ to AA rated corporate bonds
- ❖ Endeavours to generate alpha through spread compression & rolldown
- ❖ The fund would run a moderate duration of around 3 - 4 years with the flexibility to move between this band, basis the interest rate scenario and the shape of the yield curve
- ❖ The desired duration to be achieved by using a bullet or barbell strategy depending on the yield curve shape prevailing

Why Invest in Nippon India Strategic Debt Fund

- ❖ The current scenario offers the potential opportunity to lock in high accruals
- ❖ The fund's investment strategy augurs well with the current market conditions and with the view that there is value in this segment where investors can take advantage of the current market opportunities
- ❖ Investors can potentially benefit from accrual returns and the prospect of capital appreciation of the assets over 3 - 4 years period
