Current Investment Philosophy

- The fund endeavors to invest in a portfolio of high quality stocks listed on recognized stock exchanges of US.
- Research support powered by Morningstar Investment Adviser India Private Limited (MIA), a group company of Morningstar, Inc.
- Morningstar employs their proprietary research methodology, focused on Economic Moats, to identify investment opportunity.
- The fund proposes to follow the Hare Strategy for its investments. The Hare portfolio aims to invest in stocks of firms that are experiencing rapid growth, emphasizing those that possess sustainable competitive advantages. Companies in this strategy may tend to grow faster with both higher risk and higher return potential. The investment philosophy would be a blend of top down and bottom up approach without any sector or market capitalization bias.
